12:00pm - Saint Germain & The Sacred Sound System (cosmic roots reggae and dub)

This Schedule is constantly being updated and filled, with more artists and workshops to be announced. We always end up needing some good 10 & 15 minute "tweener acts" so please inquire now, or approach the Altar Stage Manager during the festival. **There is one other space that will be utilized late-night on Sunday Night, our third stage (The Giant TeePee) from 1:30am to sunrise.** And if need be, this is where we will book additional workshops and strictly acoustic music during the weekend.
